

Complete system for the connection and distribution of LAN networks in residential and tertiary sector environments. The range includes fibre optic solutions, wall panels, floor cabinets and copper wiring products. Data Center boards and cabinets are available in a wide choice of modularity and different depths (up to 1000mm), to adapt to every application need. Made with high quality materials (static flow at full load can reach 1000kg), the products are also characterised by their simple wiring (thanks to large internal volumes) and complete customisation, with removable and reversible front doors.

Categorie	19" floor-standing cabinet	Materiaal	Staal
Afwerking	Textured	Kleur	Grey (RAL 7035)
Bekabelings- eenheid	42U	Type deur	Reversible
Door opening	135°	Static load capacity	1000 Kilogramm
No. uprights	2	Diepte (mm)	600 mm
Buitenafm. LxHxD (mm)	600x1985x600	IP- graad	IP20
Electrocod	3752
