

I-CON EVO wallboxes are JOINON solutions designed to integrate into private and semi-public scenarios in accordance with the international standard IEC 61851-1 ed. 3. They are distinguished by both an elegant and compact design and special "one-hand charge" functionality. At the same time, the presence of a vandal-proof socket and IP55 degree combined with IK11-certified mechanical strength make them safe and reliable solutions. In addition, I-CON EVO wallboxes feature full connectivity to support the related JOINON EVO App for full and easy control of charging, intelligent management of loads and additional energy produced by any photovoltaic panels (also in Master/Slave mode), and several installation options: wall-mounted, flush-mounted, or floor-mounted.

נתונים כלליים	-	-	-
טמפרטורת הסביבה	-25 ÷ +70 °C	IP	IP40
		דרגה	
תקשורת	אתרנט	סוג שנאי זרם	ניתן לפתיחה מחדש
תאימות	Wallbox I-CON EVO	מידה	51x28,5x40mm
נתונים חשמליים	-	-	-
זרם יציאה מרבי	100 A	רוחב פס תדר (±1 dB)	50/60 Hz
קוטר פנימי	16 mm	System	תלת פאזי
