

Description Under voltage release for motor protection switches

Control voltages (Uc) 230 V ac

Rated frequency (f) 50Hz

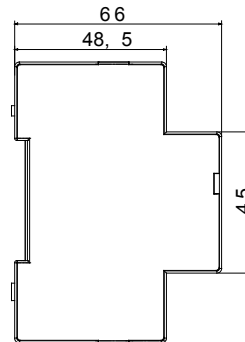

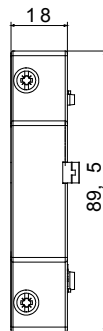

No. modules 1

ELECTRICAL CHARACTERISTICS

MECHANICAL FACTS

Standard	IEC/EN 60947-4-1, IEC/EN 60947-5-1	Mechanical endurance (O-C cycle number)	10.000 cycles
Drop-out voltage	0,7 - 0,85 Uc	Electrical endurance (O-C cycle number)	10.000 cycles
Pick-up voltage	≥ 0,85 Uc	Cable section (mm ²)	≤ 2,5 mm ²
Power consumption operation	3,3 VA	Conductor insulation stripping length	11 mm
Power consumption switch-on	7,9 VA	Rated tightening torque	1 Nm
