

A system of command and control wireless devices based on Zigbee technology that offers innovative solutions for the renovation of buildings, minimizing the structural interventions. Zigbee is a safe and reliable system because the data exchanged are encrypted and every node of the network always ensures reachability among all the devices (mesh network). The Zigbee devices enrich the range of home&building automation solutions by Gewiss and can be managed via App, with smartphone and tablet, through the Smart Gateway.

Kategori	Contacts interface	İletişim protokolü	Zigbee (IEEE 802.15.4)
besleme voltaj	Battery powered	Güç besleme pilleri	CR2032 replaceable
Output power	8 dBm	Giriş kanalı sayısı	2
Giriş voltajı	Potential-free	Maks kablo uzunluğu	15 m
Standart	2014/53/EU, EN 60669-2-1, EN 60669-1, ETSI EN 300-328	IP derecesi	IP20
Kullanım sıcaklığı	-5 + +45 °C	Depolama sıcaklığı	-25 + +70 °C
Relative humidity (non-condensative)	Max 93%	Boyutlar LxHxD (mm)	42x40x20
Elektrokod	051A
